**REQUEST FOR CANCELLATION OF DESIGNATIONS IN BAKERSFIELD PLANNED SEWER
AREA NO. 1 AND RECOGNITION OF UNANTICIPATED REVENUE IN THE COUNTY SERVICE
AREA NO. 71 CAPITAL IMPROVEMENTS FUND (All S.D.s)**

(Fiscal Impact: \$300,000; Bakersfield Planned Area No. 1 and County Service Area No. 71 Capital Improvements Fund; Not Budgeted; Discretionary)

The Public Works Department requests your Board's approval to cancel designation and increase appropriations for an operating transfer out within the Bakersfield Planned Sewer Area No. 1 Fund 1175FD Cost Center 1754CC Spend Category 1394SC – Operating Transfers Out and the appropriation of unanticipated revenue for the County Service Area (CSA) 71 Capital Improvements Fund 1072FD, Cost Center 1032CC, Revenue Category 1589RC - operating transfers in, and 1435SC – Conversion Only, in the amount of \$300,000. These funds are needed to support installation of Pacific Gas and Electric Company (PG&E) electrical service required to provide utility power to sewer trunk line 1.

On June 8, 2021, your Board approved \$6,000,000 for the construction of sewer trunk lines and lift stations in northwest Bakersfield, funded through the County's American Rescue Plan Act allocation. These funds have been fully committed to pre-construction activities and construction costs.

Installation of PG&E electrical service is essential to the operation of both the trunk line and the lift station. Because this work was not included in the original construction scope, additional appropriations are required to complete the utility service installation. To ensure timely completion of the project, the Public Works Department is recommending the transaction described above.

Therefore, IT IS RECOMMENDED that your Board approve and authorize the Auditor-Controller to process the specified budgetary adjustments and accounting transactions.

Sincerely,

A handwritten signature in blue ink, appearing to read "Joshua Champlin".
