2025 KERN COUNTY AGRICULTURAL CROP REPORT
Fiscal Impact: None

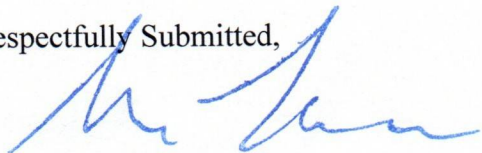

It is my pleasure to submit the 2025 Kern County Agricultural Crop Report. This annual report presents statistical information on acreage, yield, and gross values of Kern County agricultural products in accordance with Sections 2272 and 2279 of the Food and Agricultural Code. The figures in this report represent only gross values and do not consider the costs of production, marketing, transportation, or other ancillary costs. No attempt is made to reflect net income or loss to the producers of these commodities.

The 2025 gross value of all agricultural commodities produced in Kern County is \$8,933,432,002. This represents a twelve percent (12%) increase from the 2024 crop value (\$7,960,900,835).

The top five commodities for 2025 are Pistachios, Grapes, Citrus, Almonds, and Carrots, which make up more than \$6 Billion (69%) of the Total Value; with the top twenty commodities making up 94% of the Total Value.

Therefore, IT IS RECOMMENDED that your Board receive and file this report.

Respectfully Submitted,

A handwritten signature in blue ink, appearing to read "Glenn T. Fankhauser".

Glenn T. Fankhauser
Agricultural Commissioner
