Board of Supervisors

Bakersfield, CA 93301

Proposed Rescission of Existing Farmland Security Zone Contract, Simultaneous Approval of Proposed Farmland Security Zone Contract No. 26-02 with Ali Amin and Mojgan Amin, Trustees of the Ali and Mojgan Amin Revocable Trust dated April 11, 2011; 268.89 acres; Agricultural Preserve No. 6;
Implementing in 2027 Calendar Year
(Fiscal Impact: None) S.D. 4

The Williamson Act authorizes counties to enter into recorded contracts with interested landowners to restrict land to commercial agricultural use in exchange for lowered property taxes. Additionally, if a property owner proposes to adjust the lot lines of a parcel or parcels under contract, and the resulting boundaries are no longer coincidental with the legally described parcels within the contract, the property owner and County can mutually agree to rescind the original contract and simultaneously enter into a new contract, provided that your Board makes specific findings, pursuant to Chapter 7, Government Code Section 51257.

The Planning and Natural Resources Department has been petitioned by Swanson Engineering, Inc., on behalf of Ali Amin and Mojgan Amin, Trustees of the Ali and Mojgan Amin Revocable Trust dated April 11, 2011, to rescind a portion of an existing Farmland Security Zone Contract No. 01-16 and simultaneously enter Farmland Security Zone Contract No. 26-02. The purpose of this new contract is to facilitate conjunctive Lot Line Adjustment No. 5-25 between three (3) parcels, one of which is subject to an existing Farmland Security Zone Contract. The remaining parcels are subject to a Williamson Act Land Use Contract. The existing contract, proposed for partial rescission, was entered into by James Tazioli and Betty Fanucchi on December 11, 2001, and recorded as Document No. 201188192 in the Official Records of Kern County.

The proposed contract is for property that will be legally identified as Lot 1 and a portion of Lot 2 of Lot Line Adjustment No. 5-25. Staff has reviewed the required findings as *italicized* below and offers the following comments for your Board's consideration:

(1) *The new contract or contracts would enforceably restrict the adjusted boundaries of the parcels for an initial term for at least as long as the unexpired term of the rescinded contract or contracts, but for not less than 20 years.* The proposed contract shall remain in effect for an initial term of 20 years and will be automatically renewed annually, unless a notice of nonrenewal has been served by the property owner.

(2) *There is no net decrease in the amount of the acreage restricted. In cases where two or more parcels involved in a Lot Line Adjustment are subject to contracts rescinded pursuant to this section, this finding will be satisfied if the aggregate acreage of the land restricted by the new contracts is at least as great as the aggregate acreage restricted by the rescinded contracts.* Those portions of the existing contract to be rescinded restricted 268.89-acres and the new contract restricts a total of 268.89-acres.

(3) *At least 90 percent of the land under the former contract or contracts remains under the new contract or contracts.* The portion of the original contract to be rescinded, in order to reflect the boundaries of the lot line adjustment of the contracted lands, contained a total of 268.89-acres. The land to be included in the new contract exceeds that contained in the original contracts and exceeds the 90 percent minimum requirement.

(4) *After the Lot Line Adjustment, the parcels of land subject to contract will be large enough to sustain their agricultural use, as defined in Section 51222.* The parcel proposed for the new contract contains a total of 268.89-acres that is classified as "Prime Farmland" on the 2022 State of California Department of Conservation's Important Farmland Maps for Central Kern County. The acreage of the site is well within the defined minimum acreage requirements for the above-referenced identified type of farmland.

(5) *The Lot Line Adjustment would not compromise the long-term agricultural productivity of the parcel or other agricultural lands subject to a contract or contracts.* The property will continue to be utilized for crop production. No other contracted lands will be affected by the Lot Line Adjustment.

(6) *The Lot Line Adjustment is not likely to result in the removal of adjacent land from agricultural use.* The lot line adjustment does not affect other parcels, and no new non-agricultural uses are being considered.

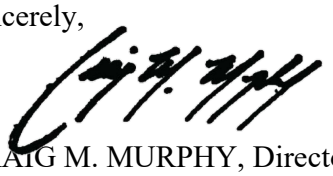

(7) *The Lot Line Adjustment does not result in a greater number of developable parcels than existed prior to the adjustment, or an adjusted lot that is inconsistent with the general plan.* The Lot Line Adjustment affects a total of three (3) existing parcels and will not create additional parcels. The proposed lot sizes and uses of the contracted land are consistent with the resource designation by the General Plan and the applicable provisions of the Zoning Ordinance.

The proposed contract before your Board has been processed pursuant to Resolution No. 78-210 (Adoption of Policies and Procedures to Qualify for Land Use Contracts) and Resolution No. 97-366 (Establishing New Filing Date and Deadlines for Accepting Applications). The proposed Land Use Contract contains the supplemental terminology necessary to rescind the previous original contracts. Processing of the contract is exempt from further environmental review pursuant to Section 15317 of the State CEQA Guidelines and summarized as follows:

Supervisorial District:	4
Contract No.:	26-02
Applicant:	Ali Amin and Mojgan Amin, Trustees of the Ali and Mojgan Amin Revocable Trust dated April 11, 2011
Location:	West side of Wildwood Road, approximately one-half (1/2) mile north of Kimberlina Road, Wasco area.
Land Use:	Irrigated Crops
Zoning:	A (Exclusive Agriculture)
Preserve No.:	6
Acreage:	268.89-acres

IT IS RECOMMENDED that your Board make the necessary findings pursuant to Section 15317 of the State CEQA Guidelines and Government Code Section 51257; rescind that portion of the original land use contract entered into by James Tazioli and Betty Fanucchi on December 11, 2001, and recorded as Document No. 201188192 in the Official Records of Kern County, simultaneously approve Farmland Security Zone Contract No. 26-02; authorize the chairman to sign, and direct the Chief Clerk of the Board of Supervisors to record.

Sincerely,

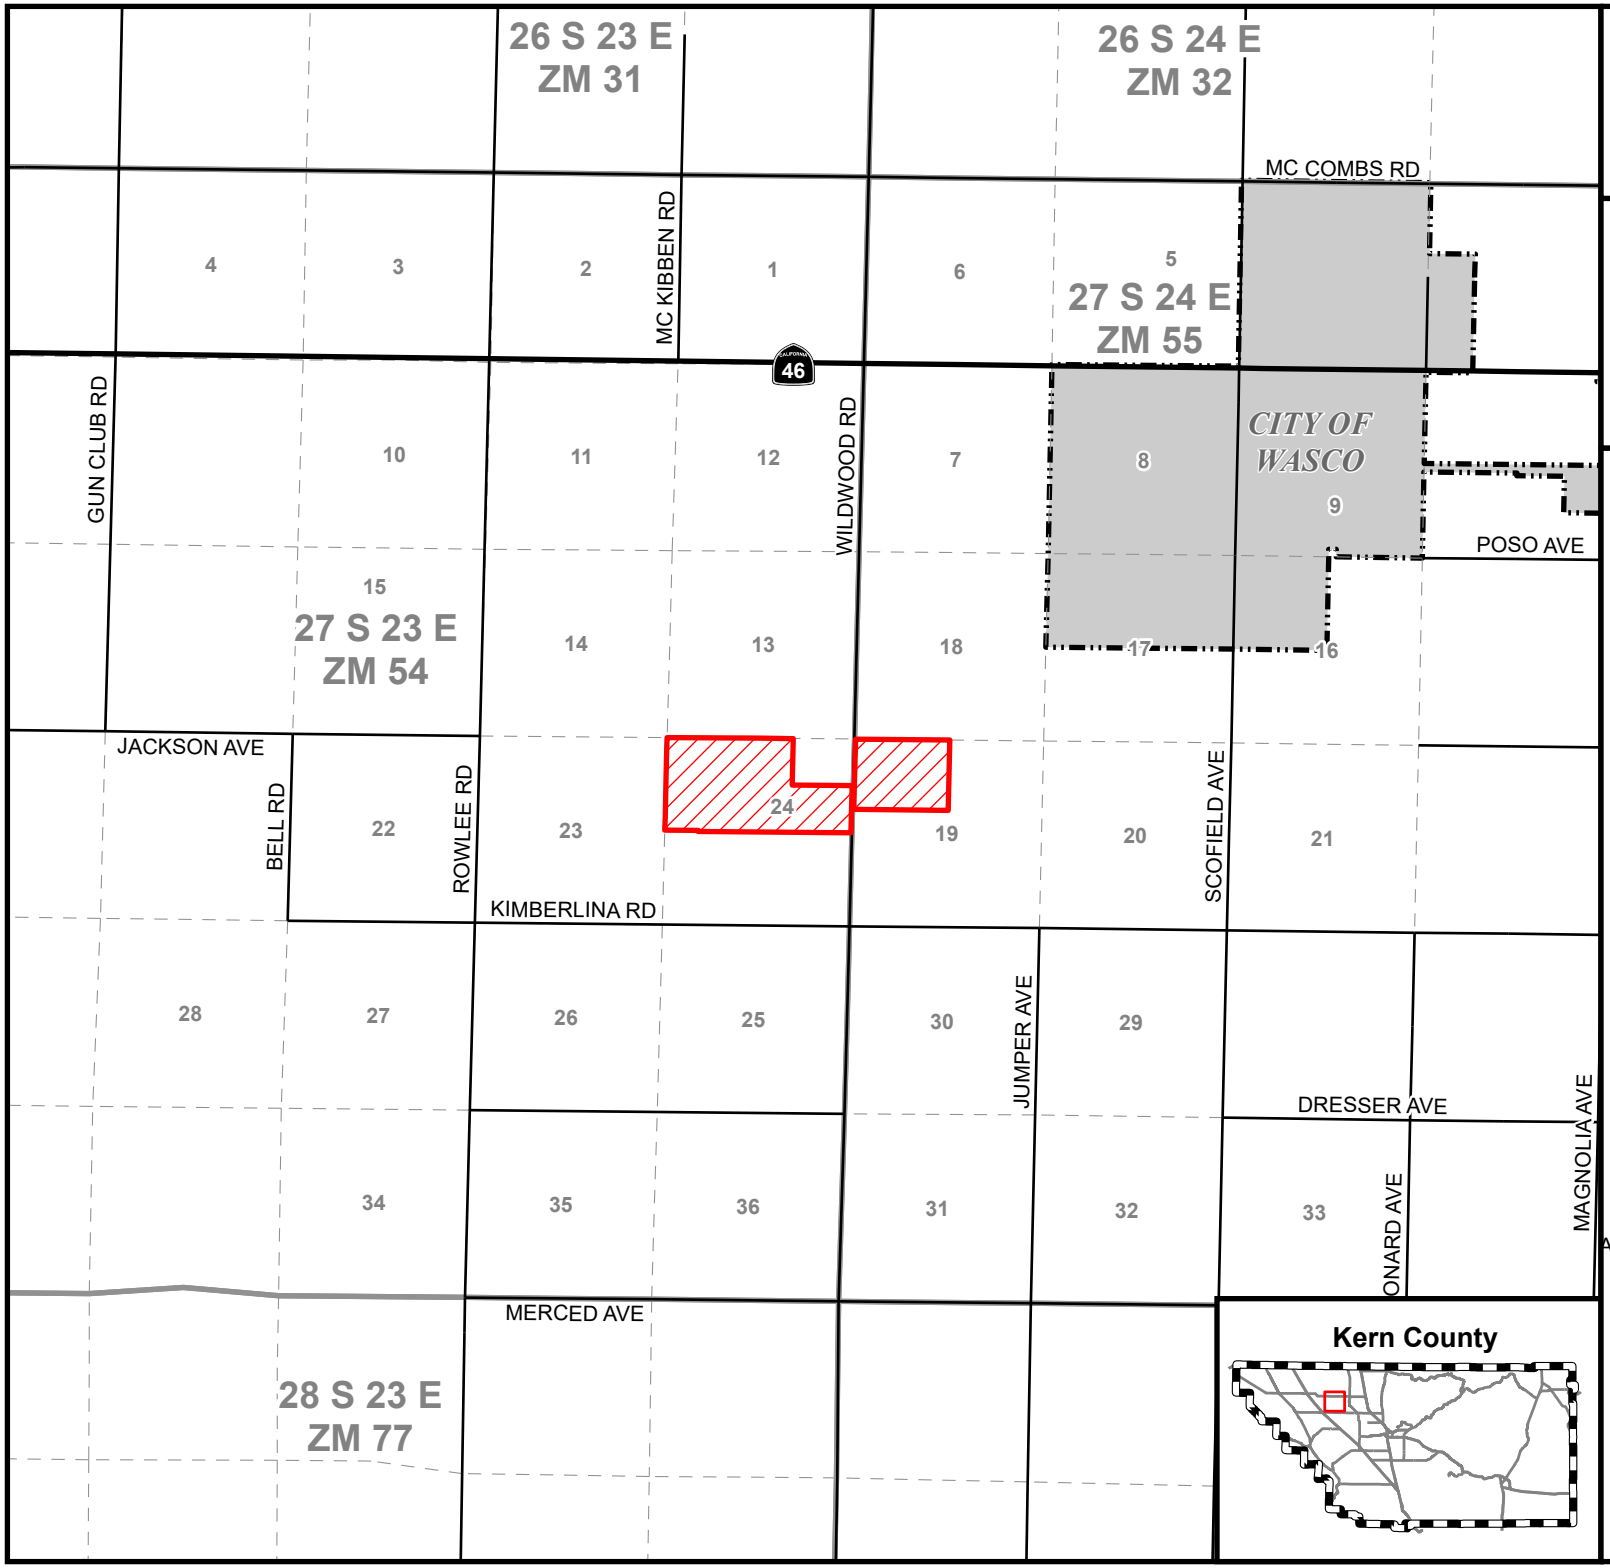

CRAIG M. MURPHY, Director
Kern County Planning and Natural Resources Department

15. **EFFECT OF EMINENT DOMAIN OR OTHER ACQUISITION OF LAND:**

(a) When any action in eminent domain for the condemnation of the fee title of the entire parcel of land herein described is filed, or when such land is acquired in lieu of eminent domain for a public improvement by a public agency or person, or whenever there is any such action or acquisition by the Federal Government or any person, instrumentality, or agency acting under authority or power of the Federal Government, this Contract shall be deemed null and void as to the land actually being condemned or so acquired as of the date the action is filed, and, upon the termination of such a proceeding, this Contract shall be null and void for all land actually taken or acquired.

(b) When such an action to condemn or acquire less than all the entire parcel of land herein described is commenced, this Contract shall be deemed null and void as to the land actually so condemned or acquired.

The land actually taken by the means aforementioned in this Article shall be removed from this Contract. Under no circumstances shall land be removed from this Contract that is not actually taken by the means aforementioned, except as otherwise provided in the Land Conservation Act, as now in effect or as it may from time to time be amended.

16. **INCORPORATION OF PROVISIONS OF ACT BY REFERENCE; SUBSEQUENT AMENDMENTS:**

(a) The provisions of the Land Conservation Act, including any amendments enacted on or before the date of this contract, are incorporated herein and made a part of this contract by reference, and all of the provisions of this Contract shall be subordinate thereto and construed harmoniously therewith.

(b) Any provision contained in any amendments to the Land Conservation Act enacted from time to time subsequent to the date of this Contract and which is procedural or remedial in effect shall also be deemed incorporated herein and made a part of this Contract by reference.

(c) Any provision contained in any amendments to the Land Conservation Act enacted from time to time subsequent to the date of this Contract which has the effect of altering a substantive right or obligation of the Contract shall not be deemed incorporated herein, unless with the mutual consent of the parties hereto or unless otherwise provided in this Contract. Such substantive right or obligation shall include, but is not limited to, the following: increasing or decreasing the term of the Contract; eliminating or altering the right to or grounds for nonrenewal or cancellation of the Contract; or eliminating, adding, or modifying any land use restriction or compatible use of land.

(d) Any provision of any amendments to the Land Conservation Act enacted from time to time subsequent to the date of this Contract which is incorporated by reference herein as provided in this Article shall be substituted in place of any corresponding provision of this Contract, and all other provisions of this Contract shall be construed harmoniously therewith.

(e) In event any sections of the Land Conservation Act referred to herein are renumbered, any references to sections herein shall be deemed renumbered accordingly.

17. **AMENDMENT BY MUTUAL AGREEMENT:**

This Contract may be amended at any time and from time to time by mutual agreement in writing of the parties hereto endorsed hereon or attached hereto, subject to any express provisions to the contrary contained in this Contract or in the Land Conservation Act.

18. **NOTICES, MANNER OF GIVING:**
