**PROPOSED REALLOCATION OF EXISTING APPROPRIATIONS TO FUND INCREASED
COSTS FOR THE ACQUISITION OF NINE ROLL-OFF CONTAINERS TO BE UTILIZED
BY THE SOLID WASTE DIVISION (All S.D.s)**

(Fiscal Impact: \$9,341.47; Solid Waste Enterprise Fund; Budgeted; Discretionary)

The Public Works Department requests your Board's approval to reallocate appropriations in the total amount of \$9,341.47 within Public Works Solid Waste Enterprise Fund 5010FD, to fund the purchase of nine roll-off containers. Sufficient funding is available in current year Fixed Assets - Equipment within Fund 5010FD and Cost Center 1789CC.

Roll-off Containers are needed in the Department's solid waste operations in order to store and move various waste streams and recyclables from one location to another for processing and handling. Roll-Off Containers are used at, and shared with, all County Solid Waste Facilities. Roll-off containers are an essential need in the Solid Waste industry.

To facilitate the funding for the purchase of nine roll-off containers, it is necessary to reallocate appropriations in the amount of \$9,341.47 within Fund 5010FD – Cost Center 1789CC – Current Year Account 1005SC – Fixed Assets – Equipment. The Department budgeted \$800,000 for three heavy hauler trucks and final cost came in at \$734,279.94, resulting in additional funding in the amount of \$65,720.06 available for reallocation for increased fixed asset costs. The original budget included \$80,000 for the purchase of nine roll-off containers. After receiving quotes for the requested items, it has been determined that the new net total amount is not to exceed \$89,341.47.

Therefore, IT IS RECOMMENDED that your Board approve the reallocation of existing appropriations in the amount of \$9,341.47 to fund increased costs for the acquisition of nine roll-off Containers for a new net total amount not to exceed \$89,341.47 and authorize the Auditor-Controller to process the specified budgetary adjustments and accounting transactions.

Sincerely,
