**PRESENTATION ON PREPARATIONS FOR POTENTIAL EL NIÑO WEATHER
EVENTS IN KERN COUNTY**

Fiscal Impact: None

The purpose of this letter is to provide your Board with a presentation regarding coordination and pre-planning that County departments have begun in anticipation of possible weather events associated with El Niño. These conditions may result in heavy rainfall, localized flooding, and debris flows in Kern County.

The Kern County Fire Department and Office of Emergency Services, in collaboration with the Public Works, Public Health, and Sheriff's Departments have formed a joint planning effort. This effort kicked off and has been focused on the pre-planning of resources and identifying critical timelines and trigger points.

Therefore, IT IS RECOMMENDED that your Board hear the presentation on preparations for potential El Niño weather events in Kern County.

Sincerely,

A handwritten signature in blue ink, appearing to read "A. Duncan", is written over a horizontal line.

AARON DUNCAN
Fire Chief & Director of Emergency Services
