Bakersfield, CA 93301

Kern County Board of Supervisors,

I hope this letter finds you well. One function of each of our schools is the development and approval of a Comprehensive School Safety Plan. I would like to inform you of opportunities for public input into this process.

Following the requirements of CA Education Code 32280-32289, each of our high schools develops a plan of how to promote safety on campus through a positive school culture as well as a facility that helps ensure safety. This plan is revised annually and approved by the School Site Council. These are public meetings at which public comment may be provided. Our school's dates are being listed as they are scheduled at the following internet address.

Feel free to attend or send a representative to any of these meetings. Safety is a community-wide concern. Our staff and students need to feel safe to promote their success at instruction and learning. If you would like to provide input on school safety or have questions, please contact the KHSD Department of Emergency Preparedness & School Safety at (661) 827-3127.

Sincerely,

Patrick Blake
Administrator, Emergency Preparedness & School Safety
